

# EG01A2

2 Stage Aluminum Tripod w/ Fluid Pan/Tilt Head (E-Image)

ONE SHEET

## Overview

Quality, functionality and versatility sums up best what the E-Image EG01A2 tripod kit is all about. This compact kit is designed for use with small camcorders and DSLR cameras weighing less than 11 lbs. The tripod can extend over 5 feet long (60 in), and collapses down to only 33 inches for easy travel. It provides three extendable tiers with two levels of friction locks for extreme stability.

Designed with versatility in mind, E-Image integrated its unique, detachable foot design into the EG01A2. Its claw-style footing makes it easy to mount onto any type of terrain. You can also install it onto many E-Image floor spreaders and dollies.

With the EG01A2, you won't have to forsake quality at the expense of economics. Trust E-Image to provide you with the most affordable, professional gear!

# EG01A2

## Versatile Mounting

The EG01A2's compact size makes it the perfect option for small camcorders and DSLR productions.

## 5+ Foot Extension

With an extendable length of more than 5 feet, the EG01A2 can simplify even the most difficult videos and photo shoots.

## Travel Friendly

What's equally impressive about the EG01A2's stable platform is its small size and weight. The tripod only weighs 10 lbs and can collapse down 33 inches, making it the perfect travel companion for any videographer or photographer!

## Standard, Professional Features

This stellar tripod package includes a standard fluid action head, built-in counterbalance, quick release plate and a mid-level spreader.

## Solid Foundation

With multiple mounting options, you can rest assured the EG01A2 will stabilize on any type of terrain. (Accessories sold separately).
