

EG05A2

Two Stage Aluminum Tripod Kit (E-Image)

ONE SHEET

Overview

The EG05A2 Tripod Kit is designed for a wide variety of camera rigs from 5-17 lbs . The EG05A2 includes a GH05 Fluid head with a 75mm ball head+ and an installed fluid system enabling smooth motion in pan and tilt.

The GA752 aluminum 2 stage video tripod legs extend quickly and easily with the Mono-Lock leg locking system and the adjustable mid level spreader creates a sturdy base for payloads up to 88lbs.

The kit comes complete with a quick release plate, pan bar and a soft carry case and a one year manufacturer's warranty from Ikan.

EG05A2

Features you need, Prices you want.

Unique Mono-Lock Legs

The GA752 legs employ the Mono-lock system for simple height adjustment from working height: 24-61 inches (630-1570mm) for all 3 leg stages with just one twist of the knob. The mono-lock feature allows for quick height adjustments of both stages with one twist.

Adjustable Drag Controls

Finding the right balance for your rig is easy with the 3 levels of counterbalance drag control.

All-Aluminum Construction

Lightweight aluminum build for durability and easy use.
