The ikan Shoulder Mount Deluxe

The "Fixed" Is In

ikan is proud to announce the most anticipated addition to its Elements line of DSLR fly kit configurations...the Elements Shoulder Mount Deluxe. This unit latches securely to the users shoulder utilizing two adjustable clamp pads for locked-in stability while the included foam grips provide uncompromised control. The 18 inch, 15mm handle bar rail is ideal for mounting an articulating arm which is the perfect position for your ikan HD camera monitor. Two durable, 15mm rods are the base for a reliable shooting foundation provided by a 15mm rail mount and cheese plate offering 62mm spacing, 1/4 20, 3/8 and 4mm receiver slots for DSLR compatibility while two 15mm rod adapters allows the user to adjust stabilized mounting positions based on the shooters comfort level. The Shoulder Mount Deluxe offers a variety of rear loaded receiver slots for multiple mounting options including 1/4 20, 3/8, 4mm and 100mm VESA or mount an additional double cheese plate for even more expandability. With an array of accessory mounting combinations, i.e. DSLR device, follow focus, monitor, battery plate, ikan HDMI-HD-SDI converter box or an additional tripod mount for drop and shoot capability, the ikan Elements Shoulder Mount Deluxe will immediately become a video professional's most resourceful tool providing hours of comfortable shooting.

\$ 649.00
