## Sony FS7 Camera Rig w/ Power Supply System

ONE SHEET

### Overview

Tilta Armor designed specifically for the Sony FS7. Engineered to enhance FS7 operation with a quick release baseplate, an improved shoulder pad, power supply system, and lens adapter support. Every piece is designed and precisely machined out of anodized aluminum to provide a smooth, clean and solid finish.

The ES-T15 comes equipped with a VCT Baseplate that is compatible with Sony's existing VCT-14 & VCT-U14 quick release tripod adapters. The baseplate features two 15mm rod clamps (front & back), two Arri standard rosette mounts (left & right), a shoulder pad, one 1/4" -20 threaded hole and another 3/8" -16 threaded hole located underneath as an additional tripod mounting option.

Features you need, Prices you want.

## Quick Release Baseplate

The ES-T15 comes equipped with a VCT Baseplate that is compatible with Sony's existing VCT-14 & VCT-U14 quick-release tripod adapters. The baseplate features two 15 mm rod clamps (front & back), two Arri standard rosette mounts (left & right), a shoulder pad, one 1/4"-20 threaded hole, and another 3/8"-16 thread hole located underneath as an additional tripod mounting option.

## Rear Mounted Power Supply

The ES-T15 Power Supply Kit comes with a Sony V-Mount Power Supply System that mounts directly to the rear of the FS7 camera. The power supply system is compatible with Sony V-Mount batteries, and outputs 14.8V P-Tap, 12V, 8V, and 5V DC. (one P-Tap and four DC cables included).

## Lens Adapter Support

The front plate has an integrated lens adapter support system designed to fit Metabones lens adapters.

## Fitted Top Handle

The top plate is designed to fit around the existing Sony FS7 top handle.

## 15mm Threaded Rods

The Sony FS7 rig comes with two 15mm threaded aluminum rods.

*Additional rods available through ikan.*
