

GH10

75mm Pro Fluid Head 22 lbs Max (E-Image)

ONE SHEET

Overview

The GH10 Fluid Head is designed and built for professional videographers and cinematographers who want real quality at an affordable price. This professional fluid tripod head delivers field-tested reliability, solid construction, and many features required for professional performance.

The GH10 features a 75 mm ball head and a multi-adjustment counterbalance, providing a great range of tilt and control smooth camera control. The counterbalance, which provides seven increasing levels of counterbalance, supports payloads of up to 22 lbs. When combined with the three-level variable drag, the GH10 provides fluid control, suited to your shooting needs. Additionally, the GH10 comes with an illuminated bubble level and a 1/4"-20 threaded mounting point for attaching a monitor arm or other accessory.
