## 300 Watt Bi-Color LED Fresnel Light with DMX

ONE SHEET

### Overview

The LEDLITE-300-DMX light offers the flexibility of color temperatures ranging from 3200K to 5600K for any shooting situation.

The 7-inch Fresnel lens can focus from 55-degree flood to 11-degree spot. With a high CRI and TLCI, the LEDLITE 300 gives shooters all the color they're looking for and more. The large digital display allows you to easily move through the menus and tweak settings. It also comes with barn doors.
