

LSC-006

6000 Watt HMI Fresnel Head (*Lightstar*)

ONE SHEET

Overview

The Lightstar 6000 Watt HMI Fresnel Head provides the powerful light you need when the sun isn't working in your favor. From spot to flooding lighting, it provides all the necessary daylight control. The aluminum alloy fixture allows heat to dissipate quickly. The fresnel lens lets you control the spread of the light while the on-board dimming feature adjusts the level of brightness.

LSC-006 | 6000 Watt HMI Fresnel Head (*Lightstar*) | UPC Code: 847983020263
