Mylo Medium Bi-Color 3PT LED Light Kit

ONE SHEET

Overview

The Mylo Medium Bi-Color LED light kit is designed for professionals who need solid lighting for an affordable price. This rugged field kit gives the user a professional appearance and performance in any lighting scenario. The 3 point light kit has everything that the working professional might need for an interview, music video, or short film.

The Mylo (MB8) Field Light is a portable heavy duty LED Lighting solution. It features bi-color LEDs that are adjustable from 3200K-5600K. The MB8 can be powered by 2 included Sony "L" series batteries. With its heavy duty yoke and mount, the MB8 is the light of choice for any kit. On the back, the large yellow knob allows you to adjust the light's brightness or color temperature with a few simple clicks. The Mylo Half x 1 LED light is equivalent to about 550 watts.

The Mylo Mini (MB4) has all the same great features of its bigger brother just in a smaller compact package. The light can be powered by either AC power with the included power supply or DC power with two Sony "L" style batteries. The proven ikan barn doors are included to allow you to shape the light. With a maximum watts draw of 12.6W at 12V, the Mylo Mini LED Quarter x 1 light is equivalent to about a 300 watt light. The kit includes one stand bag, one light bag, and three compact stands.

MB-2H1Q | Mylo Medium Bi-Color 3PT LED Light Kit | UPC Code: 847983021246
