Features you need, Prices you want.

The Modern Teleprompter

The PT-ELITE-V2 provides a full teleprompting experience through a tablet. It allows you to travel light using either an iPad, Android, or Windows tablet. The teleprompter is designed according to the standard 15mm rod system. This makes the entire setup more durable as well as, lightweight. You can also mount the teleprompter to smaller tripods. Version 2 can support tablets ranging from 5x7.5 inches up to 8x10.5 inches

High Clarity & Sharpness

The PT-ELITE Version 2 teleprompter features American-made scientific grade, 70-30 teleprompter glass. Our beam splitter is manufactured to the highest standards, unlike other competitors. This means you can expect extreme clarity and sharpness at all times.

Adjustable Glass Frame

The PT-ELITE Version 2 also comes with a foldable glass frame to make life easier for you. It also includes a magnetic hood as well as a virtually tool-less design. Simply readjust it to suit your needs.

New EV3 Quick Release Baseplate

The new EV3 Quick Release Baseplate pairs perfectly with the PT-ELITE Version 2. In addition to allowing you to quickly add/remove your camera, it can also adjust to different camera sizes. The mirrorless Sony A7s, Canon 5D DSLR and Panasonic DVX200 Camcorder are among the many options you have with this teleprompter. The base plate includes multiple mounting points for better balance and its wider base provides more stability for your tripod or pedestal.

Safely Protected

Ikan will ship the PT-ELITE Version 2 to your front door using custom cut, high quality foam packaging. You can rest assured knowing that your teleprompter will travel safely from start to finish.
