# PT3500-P2P-TK & PT3700-P2P-TK  ikan

P2P Interview System with 2 x Teleprompters, Hard Cases, and HDMI Connection Cables
## What's Included

- [ ] 2 x Teleprompters
- [ ] 2 x SKB Rolling Hard Case
- [ ] 2 x 25 ft HDMI Cables

# Assembly

## Step 1

Place teleprompter base assembly on a flat surface.

## Step 2

You can position the glass at any angle you want, but the preferable angle is 45°.

# Step 3

Slide the Camera Mount Assembly onto the 15mm Rods

The tripod mount has 3 sets of holes that allows you to mount the plate either towards the front or rear to help balance the teleprompter better.

For larger cameras it is better to have the plate toward the rear, and for smaller cameras towards the front.

## Step 4

Attach camera to camera mount and slide to best position. Make sure all thumbscrews are secure.

If you require the camera to be positioned higher, you can replace the 200mm raiser bars in place of the pre-installed 130mm Rods

Use the included 5/32 Hex Key to remove and attach the raiser rods.

## Step 5

Attach hood to glass frame using the integrated magnets. You can attach the optional side flaps.

## P2P Interview/Interviewee Setup

After both teleprompters have been setup and placed on tripods/pedestals, using one of the HDMI cables connect it to the camera on teleprompter 1 (interviewer) to the HDMI input port of monitor on teleprompter 2 (interviewee). Using the other HDMI cable connect it to the camera of teleprompter 2 (interviewee) to the HDMI input port of monitor on teleprompter 1 (interviewer).

## Foam Case

To make your teleprompter more portable, we packed it in a reusable, high-quality foam.
The shape and size of the foam was designed to fit into Ikan's PT-CASE which is included in this Travel Kit.
