

VX7e

The ikan VX7e

Kit Includes

AC Adapter, DV Battery Plate, Shoe Mount, VX7e Monitor

The VX7e introduces Peaking and False Color features to ikan's popular VX series of HD monitors. The VX7e is equipped with both Monochrome and Color Peaking features which highlight sharp lines and stark contrasts for optimal focus control. The False Color feature utilizes a full spectrum of assigned color indicators, ensuring flawless shot exposure. The VX7e also provides every connection needed in the professional video industry including HD-SDI, HDMI, composite and component inputs. With a sparkling screen resolution of 1024 x 600 and features such as Clip Guide, Over Exposure Warning and Under Exposure Warning, Native 5D Live View Output, Blue Gun and Movable Pixel to Pixel, ikan's VX7e is the professional grade, on-camera monitor that you can't work without.
