

ikan

Features you need, Prices you want.

Connecting your ikan light or monitor to your camera just got a whole lot easier.

Introducing the MA-206 and MA-210 articulating arms from ikan. These arms are sturdy yet lightweight, and our one finger knob adjusts to any position with one twist. Now you can mount your monitor or light to your camera using the 1/4-20 mount or the included shoe mount adapter. The ikan arms come in two sizes 6 and 10 inch.

MA206
6" Articulation Arm
\$79.95

MA210
10" Articulation Arm
\$99.95

Cheese Stick Jr.
Universal Mounting
Accessory
\$49.95

If you're running out of room on your camera or bracket to mount your arms and other accessories, ikan has a solution. Enter the ikan Cheese Stick Jr. This new innovation in camera connectivity allows you to mount your arms, your power supplies, lights, monitors, hard drives or anything using a 1/4-20 or 3/8-16 or M4-.7. After one use of the ikan Cheese Stick Jr. you'll wonder how you ever got along without it.
