BMC-PWR-1RD

Black Magic Single Rod Mount QUICKSTART GUIDE

BMC-PWR-1RD-C ,S,P,SU,E6

Can be used with Canon, Sony, and Panasonic DV batteries.

This unit is set up with five different battery types. The DV battery option allows you to slide the battery on the plate, and the AC107 does the work for you by turning that 7.2v into a 12v output.

The BMC-PWR-1RD will slide onto either 15mm rod and can be placed easily where it is most efficient. The BMC-PWR-1RD takes up a lot less room by only using one 15mm rail.
