

CSLD-02

Semi-Circular 1/2 Slider

ONE SHEET

Overview

Throw the competition a curve. Straight sliders are now in everyone's camera bag. Put a curved slider in your kit and give your shot compositions a jump start. This priced right curved video slider adds production value like no other! The ability to add on-screen storytelling and shot value is a whole lot easier with the introduction of our CSLD-02 Curved 1/2 Slider.

Featuring heavy-duty anodized aluminum construction a super smooth 52 inch 1/2 circle glide rail and roller bearing slider plate, the CSLD-02 Curved 1/2 Slider gives you the best value for your dollar. Our CSLD-02 Curved 1/2 Slider comes ready to go with the heavy-duty aluminum glide rail, a roller bearing sliding plate, and gives you 4 adjustable feet.

Also included are 2 glide rail bumpers and a carrying case and pouch. This pro quality production tool will help you deliver stable, smooth sliding movements and creative user adjustment set ups.

CSLD-02

Features you need, Prices you want.

Heavy-Duty Aluminum Construction

The heavy-duty aluminum construction allows the user years of sturdy, worry-free use.

Super Smooth

Ultra precision 52 inch track allows super smooth shots every time.

Roller Bearing Slider Plate

Most sliders have their plate built-in to the track, our slider plate sits on top for quick removal. This makes it easier when multiple set ups are required.

Multiple Screw Thread Options

Different thread options give you mounting flexibility to attach many different cameras, tripods, or risers. (1/4" -20 Screws & 3/8" -16 Screws Included)

4 Adjustable Feet

4 Adjustable Feet allows the user space to level the slider on any surface to create great production shots.

7 Mounting Points

Multiple mounting points allows the user more flexibility to create dramatic shots when using the slider with a tripod, light stands, clamps or hi-hats.
