

Delta 7" On-Camera 4K Support HDMI Monitor

Overview

The Ikan Delta™ line of on-camera LCD monitors features 4K HDMI signal, high resolution, and lightweight for portability. The Delta D7C 7" monitor's 1920x1200 HD resolution combined with an IPS screen delivers vibrant color and strong viewing angles. It can handle 4K signals from the most popular 4K HDMI cameras and offers seven programmable feature buttons. It's no surprise the D7C's simple, practical design makes it the ideal size and weight for field production.
