

# GC102

2 Stage Carbon Fiber Tripod 100mm Ball w/ Ground Spreader (E-Image)

ONE SHEET

## Overview

The GC102 Heavy Duty Carbon Fiber Tripod is designed and built for professional videographers and cinematographers who want real quality at an affordable price. The carbon fiber tripod delivers field-tested reliability, solid construction, and all the features required for professional performance.

The GC102's unique features include the E-Image Mono-Lock leg design that delivers reliable performance that rises above competitors in its price range and class.

The GC102 Heavy Duty Carbon Fiber Tripod supports a payload weighing up to 133 pounds. It is made of lightweight carbon fiber, has a 100mm bowl, and the legs are a twin tube design with two stages. The tripod can be adjusted to a maximum height of 63" and a minimum height of 18" with a folded length of 29". The Mono-Lock feature allows for quick height adjustments of both stages with one twist. An adjustable floor spreader provides extra security and stability.

GC102 | 2 Stage Carbon Fiber Tripod 100mm Ball w/ Ground Spreader (E-Image) | UPC Code: 847983010318

Features you need, Prices you want.

## Adjustable Drag Controls

Finding the right balance for your rig is easy with the 9 levels of counterbalance and 6 levels of drag control.

## Unique Mono-Lock Legs

The GC102 legs employ the Mono-Lock system for simple height adjustment from 18-63" for all 3 leg stages with just one twist of the knob.

## Accessory Mounts

A 1/4"-20 and 3/8"-16 thread mounting point allows accessories like monitors to be mounted off of the camera while they panning and tilting with your camera.

## Illuminated Bubble Level

Quickly level the 100mm head with its momentary illuminated bubble level.

## Lightweight Carbon Fiber

10 Layer lightweight carbon fiber benefits include: Lighter to carry, cool to the touch, quieter set-up, & less vibration than aluminum.
