

MB4-2PT-KIT

Kit with 2 x Mylo Bi-Color Quarter x 1 LED Lights

ONE SHEET

Overview

Ikan introduces the new MYLO brand of LED lights. The High CRI LEDs with bi-color adjustability from 5600K-3200K is great for any light setup. The brightness of the light is consistent across all color temperatures. The beam angle is about 50 degrees, making it possible to light a large area with a single fixture.

The large yellow knob on the back allows you to control the light with a few simple clicks. For example, you can control the brightness and color temperature. The LED readout gives you the ability to have very precise measurements. The light can be powered by either AC power with the included power supply or DC power with two Sony "L" style batteries.

The proven ikan barn doors are included to help you shape the light. With a maximum watts draw of 57 watts at 0.4 amps, the MYLO LED Quarter x 1 light is equivalent to about a 300 watt light.

MB4-2PT-KIT | Kit with 2 x Mylo Bi-Color Quarter x 1 LED Lights | UPC Code: 847983021192
