OYB120

Features you need, Prices you want.

Aluminum Frame

The Onyx 120 Bi-Color On-Camera Light's aluminum body gives it a perfect balance of being both durable and lightweight. The light fixture gives off minimal heat due to the aluminum frame which allows for excellent ventilation.

Easy Control of Brightness & Color

The Onyx 120 Bi-Color On-Camera Light has an LED Display that allows for easy and accurate control of brightness from 10-99% brightness and color temperature from 3200K-5600K

High Output LEDs

With 144 high brightness LEDs, the Onyx 120 Bi-Color On-Camera Light provides both amazing color rendition and brightness.

Mountable Option

The hot shoe allows for the Onyx 120 to easily attach to either a camera or a 1/4" tripod.
