Remove the Phillips Head Screws to disassemble the M-A Battery Plate and the Pro Adapter Plate.

1

2

Install the M-A Battery Plate on to the VX7 monitor with the Phillips Head Screws.

Battery Plate	Connector

**NOTE:**  
Please make sure to insert the 'D-tap Connector' correctly into the battery plate to insure the proper polarity ("D" shape of the D-tap cable to the "D" shape of the battery adapter [See diagram]). Failure to do so may result in damage to the battery plate and/or to the product or products connected to the battery plate. The ikan Corporation takes no responsibility for damage to any product occurring as a result of the incorrect insertion of the D-Tap Connector to the battery plate.
