

RBX10

Rayden 1 x 1 Bi-Color Studio Light with DMX Control

ONE SHEET

Overview

Ikan introduces their new Rayden DMX LED lights. With high CRI 45 degree LEDs, you'll get a very bright light. Its Bi-Color 3200K-5600K color temperature delivers solid high fidelity color. In addition, the 50 degree beam angle on the light makes it possible to light a large area with a single fixture. With the 30 degree yoke and the baby 5/8" or junior 1 1/8" combo pin, you can attach the light to any mount or stand.

Strong steel tension knobs on the yoke lock the light in place when aiming the fixture. The large yellow knob on the back allows you to control the light with a few simple clicks. You can control the brightness, color, and the DMX channel making adjustments as needed.

Also, the LED readout gives you the ability to have very precise measurements. The proven ikan barn doors with intensifiers are included to allow you to shape the light. The Rayden LED 1 x 1 light is equivalent to about a 900 watt incandescent light.

RBX10 | Rayden 1 x 1 Bi-Color Studio Light with DMX Control | UPC Code: 847983021123

Special Features

- High CRI LED's
- Bright Consistent light across color temperatures

RBX10

Features you need, Prices you want.

High CRI LEDs

The high CRI LEDs give you a strong output, allowing for very bright light.

Solid 3200K-5600K Color Temperature

The 3200K-5600K color temperature stays consistent throughout its brightness.

Bright Consistent Light

The Rayden Bi-Color LED is ideal for those quick interviews allowing you to not overheat your talent.

50° Beam Angle

A wide beam angle gives you lots of light.

Combo Pin

The combo pin Baby 5/8 inch/Junior 1-1/8 Combo Pin adapter with right angle receiver hole allows for the use of any grip stand.

30° Angled Yoke

The 30 degree yoke allows for unobstructed movement of the light.

Steel Tension Knobs

The new stronger steel knobs allow you to lock the light at any angle.

Single Knob Control

A single control knob allows the user to adjust on the fly. Whether it's brightness or DMX, it can be controlled with the touch of a button.

New LED Readout

The new bright LED readout gives you a quick reference of the light's output.

Barn Doors Included

The barn doors with intensifiers give you the ability to shape the light.

Equivalent to 900 Watt Incandescent

The Rayden LED light is equivalent to a 900 Watt incandescent soft light.
