RW5-3PT-KIT

Rayden Half x 1 Daylight 3-Point Panel LED Light Kit

Overview

Rayden light kits provide outstanding, professional quality at an affordable price. These kits are created using high CRI LEDs that produce a strong, bright light at all times. The Rayden Daylight Half x 1 panel maintains a solid color temperature from 10-100%!

With a push of a large, yellow button, you can adjust the Rayden light's color and brightness with ease. Add to that the 50-degree beam angle creates a wide pattern of light. Other notable features include stronger steel tension knobs and a 30-degree yoke. This enables you to use the light in any production environment! The large LED readout also allows you to quickly reference the light output. This kit includes Gold and V-mount battery plates with intensifiers.

The Rayden 3-point Daylight Light Kit is ideal for Documentary and ENG/EFP projects. It comes with three Rayden Half x 1 Daylight lights, two heavy-duty stands, one light bag and one stand bag. By comparison, it has the incandescent equivalent of a 400-watt soft light and a maximum power draw of 150-watts!

RW5-3PT-KIT | Rayden Half x 1 Daylight 3-Point Panel LED Light Kit **| UPC Code:** 847983017614

RW5-3PT-KIT

Features you need, Prices you want.

Strong, Bright Light

The high CRI LEDs within the Rayden lights output a bright, consistent light.

5600K Brightness

The 5600K color temperature is suitable for any lighting production!

Wide Beam Angle

The Rayden lights feature a 50° beam angle that provides a large amount of light on its own.

Combo Pin Adapter

The Baby ⁵⁄₈" and Junior 1-¹⁄₈" combo pin adapter makes it easy to attach to any grip stand.

Unobstructed Movement

The 30° angled yoke provides the Rayden lights with unobstructed movement.

Steel Tension Knobs

The new steel tension knobs are designed to be more durable and secure. This makes it simple to lock the light in place at any angle.

Color & Brightness

A large, single button is all it takes to adjust the color and brightness of the light.

Digital Readout

The new LED readout is much brighter and provides precise adjustments of light output.

Battery Options

Gold and V-Mount battery plates offer you the flexibility you need to stay on-the-go!

Barn Doors & Intensifiers

Ikan's reliable barn doors with intensifiers allow you to easily shape the light to suit your needs.

Incandescent Equivalent

The Rayden LED light is equivalent to a 400 Watt incandescent soft light.

RF Remote

Controlling multiple lights at a distance is possible with the RF remote control.

Included Accessories

The Rayden Bi-Color LED Light kit includes a stand bag, kit bag and two heavy-duty light stands.
