

# VL5e

5" HDMI Monitor w/ Sunhood & E6 Battery Plate

ONE SHEET

## Overview

Slim, lightweight and affordable, the VL5e is a 5" ultra-portable, on-camera monitor. Its slender build allows it to fit in any camera bag and, at less than half a pound, is ideal for handheld rigs. But don't mistake its compact size for lack of capacity — it has tons of software features to help you get the images you want.

VL5e | 5" HDMI Monitor w/ Sunhood & E6 Battery Plate | **UPC Code:** 847983014910

# VL5e

Features you need, Prices you want.

## Small in Size, Big on Value

Size makes the VL5e ideal for any type of mobile production—perfect for gimbals, handheld rigs, or shoulder rigs. To assist with those outdoor shoots, a sun visor and full sunhood are included.

## Software Features

Check exposures using false color, clip guides and histogram. Peaking and pixel-to-pixel help ensure that focus is where you want it. Frame guides and DSLR Scaling enhance your ability to capture the image you seek. Plus, you can map your most-used features to four easily accessed function buttons.

## Hardware Features

The VL5e is equipped with an HDMI input & output. You can also check audio via the headphone port. The monitor uses Ikan BP5-style battery plates that are compatible with seven different power options. The VL5e also features a full-size USB port for software updates as well as powering other 5V devices.

## What's Included

- 1 x VL5e Monitor
  - 1 x 12V AC Adapter
